DAMNED SPECIAL

If you and another character have sex, they reveal their misdeeds, as if you had used *a friend of the devil is a friend of mine* on them and rolled 10+, whether you have the move or not. And of course you take +1forward against them for it. Additionally, if you (still) love them, they take +1forward. If you don't, tell them why and set your hunger to +4.

THE DAMNED

Introducing

THE DAMNED

The apocalypse came and went, now its leftover terrors lie across the land like a plague of fear. The weak cower in their hovels, content to eke out a meager life, praying that demons in the guise of men will pass them over. For those demons have no fears, they refuse to kneel, they want your crowns. And how will you threaten them from atop your thrones? How can you reason with a fiend when all it knows is hunger?

DAMNED MOVES

○ *A Friend of the Devil is a Friend of Mine*: when you speak privately with a confessed or marked sinner you despise, roll+hard. On a hit, they reveal their most terrible misdeeds to you, no matter how secret; if they have nothing to tell you, they say what they think of you instead. On a 10+, also take +1forward against them. On a miss, it's your soul laid bare, your intentions toward them plain as day.

○ *Hex*: during character creation your MC will add a move to this list before you choose moves:

○ *Kiss of Death*: when you go aggro, do single combat, or seize by force with your bloodthirsty mouth (3-harm hand loud messy), roll+weird instead of roll+hard.

○ *Like the Shadow of Death*: when you move silent, unseen, roll+cool. On a 10+, hold 3. On a 7-9, hold 1. Spend your hold 1-for-1 to remain undetected, if at all possible, while you take an action, including the following:

- cover your tracks
- get close to someone or something
- hide or conceal yourself
- infiltrate a secure location
- snatch, pocket, or conceal an item

If you reveal yourself, you lose any remaining hold.

On a miss, you're caught in the act or another bad position.

○ *Opening the Gates of Hell*: when you open your mind to the psychic maelstrom, you may roll+hunger instead of roll+weird, but on a hit, the closest person to you experiences exactly what you do, and on a 10+, they suffer s-harm.

○ *The Unholy One is Among Us*: when you suddenly appear amongst your enemies, roll+weird. On a 10+, choose 1 or 2. On a 7-9, choose 1:

- deal 1-harm to every enemy present
- deal your full harm, by weapon, to any one enemy
- deal s-harm to any one enemy

On a miss, you leave yourself wide open and vulnerable.

○ *You Think Evil Can Be Killed with Bullets?*: when you go into battle, roll+weird. On a 10+, hold 3. On a 7-9, hold 1. You can spend your hold 1-for-1 to:

- heal one segment of harm to yourself
- ignore the effects of an attack upon you

On a miss, everyone present identifies you as the foremost threat and responds accordingly.

HUNGER OF THE DAMNED

You bring judgement to those sinners you most despise.

Choose 1 or 2:

- **The Envious**, who take what is not theirs.
- **The Gluttonous**, who consume more than their due.
- **The Greedy**, who hoard what belongs to all.
- **The Proud**, who claim false authority.
- **The Slothful**, who are lazy or afraid to act.
- **The Vain**, who flaunt their flesh.
- **The Wrathful**, who use violence in anger.

You begin play with hunger+4.

At the beginning of the session, roll+hunger. On a 10+, hold 3. On a 7-9, hold 1. During the session, you can spend your hold, 1-for-1 to mark any character (PC or NPC) whose actions identify them as the kind of sinner you most despise, and take +1forward against them. If you punish a marked sinner for their actions, give yourself -1hunger. If you have any hold left at the end of the session, add it to your hunger to a maximum of hunger+4. On a miss, you immediately go to hunger+4 and name a character you consider more innocent than most. You'll be *acting under fire* if you ever use violence against them in the future.

When you suffer harm, you get +1hunger, to a maximum of hunger+4.

When you are mocked, challenged, or humiliated by a marked sinner, you get +1hunger, to a maximum of hunger+4.

When you drink fresh blood or eat warm flesh, give yourself -1hunger. If your victim is alive when you begin, you must inflict at least 2-harm.

When you have hunger+4, take -1ongoing.

BARTER

At the beginning of the session, spend 1- or 2-barter for your lifestyle. If you can't or won't, tell the MC and answer her questions.

If you need jingle during a session, tell the MC you'd like to work a gig. Your gigs:

- *Deliver threats loud, clearly, and for all to hear on behalf of a wealthy NPC.*
- *Serve a wealthy NPC as a torturer.*
- *Execute a murder on behalf of a wealthy NPC.*
- *Others, as you negotiate them.*

As a one-time expenditure, and very subject to availability, 1-barter might count for: *a night in high luxury & company; any weapon, gear or fashion not valuable or hi-tech; repair of a piece of hi-tech gear; a session's hire of a violent individual as bodyguard; the material costs for crash resuscitation by a medic; a few sessions' tribute to a warlord; a few sessions' maintenance and repairs for a hi-performance vehicle well-used; bribes, fees and gifts sufficient to get you into almost anyone's presence.*

For better stuff, you should expect to make particular arrangements. You can't just wander around the commons of some hardhold with oddments ajangle and expect to find hi-tech or luxe eternal.

IMPROVEMENT

Whenever you roll a highlighted stat, and whenever you reset your Hx with someone, mark an experience circle. When you mark the 5th, improve and erase.

Each time you improve, choose one of the options. Check it off; you can't choose it again.

Hx

Everyone introduces their characters by name, look, and outlook. Take your turn.

List the other characters' names.

Go around again for Hx. On your turn, ask 1, 2, or all 3:

- *Which of you has seen me do things worse than you could ever do?*

For that character, write Hx+2.

- *Which of you thinks I'm closest to hell?*

For that character, write Hx+1.

- *Which of you thinks I'm innocent?*

For that character, write Hx+3.

For everyone else, write Hx-1. People avoid you and you're fine with that.

At the end, find the character with the highest Hx on your sheet. Ask that player which of your stats is most interesting, and highlight it. The MC will have you highlight a second stat too.
