

Sasha Aldrick

[Email](#) | [Personal Website](#) | [Portfolio](#) | [GitHub](#) | [LinkedIn](#) | London, UK (British Citizen)

~5 years **Developer Relations Engineering** experience: 30+ talks/workshops, 25+ technical videos, 20+ tutorials/apps, and 20+ global hackathons. Experience in Typescript, Python and Rust.

Employment

RISC Zero / Boundless Network

May 2024 – Present

Senior Developer Relations Engineer

Remote

- **Documentation:** Product owner of [Boundless docs](#) and main technical writer; key contributor to [RISC Zero docs](#) and tutorials/examples.
- **Education:** Produced onboarding videos and code templates; gave talks, workshops, ran and judged hackathons/hacker houses.
- **Feedback:** Worked with customers directly, and cross-functionally with engineering and product, to drive rapid product iteration based on dev feedback.

Tezos

Jun 2023 – May 2024

Lead & Senior Developer Advocate

London, England

- **Strategy:** Helped unify documentation at [docs.tezos.com](#) across many decentralized entities.
- **Management:** Managed a team of 3 DevRels, worked with technical writers, and coordinated cross-team feedback.
- **Engagement:** Spearheaded developer acquisition through hackathons and created lots of technical video content.

Gelato Network

Mar 2022 – Apr 2023

Software Engineer + Developer Advocate

Zug, Switzerland

- **Engineering:** Developed relay products and smart contracts.
- **Product:** Wrote Gelato technical documentation.
- **Advocacy:** Facilitated rapid feedback loops between enterprise customers and engineering.
